

Video Tapes - VHS, Betamax & All Camcorder Tape Formats

Pricing is on a 'per tape' basis for the following formats : VHS, Betamax, VHS-C, Video8, HI8, Digital8, MiniDV, HDMiniDV, DVcam, MicroMV. Formats may be combined. One named and numbered MP4 video file is supplied per tape.

By default we only digitise HOME MOVIE footage and cut out recorded TV shows and movies. If you require the TV shows / Movies please tick the check box on the order form. If we only find TV shows / Movies we will put these tapes to the side with a \$5 per tape checking fee for our time. Duplicate tapes will be digitised. Standard turnaround time is approx 3-4 weeks. Fast Track Express service is available on request.

We believe in full pricing transparency. Due to the nature of uncertainty of content of obsolete formats, we do understand that it can often be a little difficult to work out an exact cost for your order before completion. For this reason we cannot provide exact quotes. We also do not provide quotes or estimates on arrival of your order. Please contact us via email at ron@reelbox.com.au or call 1300 55 39 55 for clarification on any pricing on the above price list prior to sending your order to us. We are more than happy to assist with providing a verbal or written estimate at this time.
